Choice of language section in the nursery, primary and secondary

Regulations for language teaching

- a. In the European Schools all pupils have to study at least three compulsory languages. It is possible also to choose a fourth language as an option in secondary year 4 and a fifth language as a complementary course in secondary year 6.
No language may be studied at more than one level simultaneously and different languages may not be studied at the same level simultaneously. Level means LI, LII, LIII, LIV and LV.

For categories I and II pupils in a school with no section corresponding to their mother tongue, special SWALS rules are applicable. Special arrangements are in place for the teaching of Irish, Maltese, Finnish and Swedish as Other National Language (ONL). ONLs are offered in both schools subject to teacher availability. The two European Schools promote cooperation.
- c. For the primary school and in secondary years 1-5 the regulations are as follows:
 - LI is taught from primary year 1 and is the language of the section in which the pupils is enrolled. For categories I and II pupils in a school with no section corresponding to their mother tongue, special regulations are applicable.
 - LII is taught from primary year 1: it may only be DE or EN or FR and must be different from LI.
 - In secondary years 3, 4 and 5 a pupil's LII (DE, EN or FR) is his/her vehicular language for human sciences, history, geography, economics and religion or non-confessional ethics.
 - LIII is taught from secondary year 1; it may be any official language of the EU countries not being studied as LI or LII. LIII in year 1 is a beginners' course.
 - LIV is taught as an option from secondary year 4; it may be any official language of the EU countries not being studied as LI, LII or LIII. LIV in year 4 is a beginners' course.
 - Special arrangements are in place for the teaching of Irish, Maltese, Finnish and Swedish as Other National Language (ONL). ONLs are offered in both schools subject to teacher availability. The two European Schools promote cooperation.

IV **Estonia:** The legislation stipulates 7 as the age at which children must start compulsory schooling.

V **Latvia:** The legislation stipulates that part of nursery is compulsory education, 7 is the age at which children must start compulsory basic education.

VI First year starts at the age of 6

VII **Lithuania:** The legislation stipulates 7 as the age at which children must start compulsory schooling. The legislation provides for starting compulsory schooling at the age of 6. The usual practice, however, is for children to start primary school at 7 years of age.

VIII First year starts at age of 6

IX High school is including also technical education.

Romania: The legislation stipulates 6 as the age of at which children start compulsory education, with the possibility for the parents to postpone the beginning of 1st grade with one year.

The last 2 years of compulsory education (grades 9 and 10) can be followed either in high school (lower cycle of high school) or in arts and trades school (vocational education). Graduates of arts and trades schools can continue their studies in a completion year at the end of which they have the right to enter the upper cycle of high school. At the end of high school, the graduates of both paths (4 years direct path or 5 years progressive path) may participate in the baccalaureate exam.

X **Croatia:** The legislation stipulates 7 as age at which children must start compulsory education (primary education). The legislation provides for starting compulsory education at age of 6. The usual practice is for children to start primary education at 7 years of age.

XI **Germany:** Please note in Germany two versions of the Gymnasium exist: the G8 and the G9 model. At the G8-Gymnasium the 'Mittelstufe' or 'Sekundarstufe 1' is deprived of one year (10) compared to the G9-Gymnasium. Students at the G8-Gymnasium have a total of 12 school years, whereas students at the G9-Gymnasium have a total of 13 school years. The states have the liberty to decide which model to run.

XII **Ireland:** Education is compulsory for children in Ireland from the age of 6. In Ireland, the primary cycle is preceded by two years in the infant cycle with pupils being enrolled in the first year of the infant cycle in the September after they turn 5. The majority of children will complete the two years in the infant cycle before beginning the primary cycle. In effect, this means that children will usually be turning 7 in their first year of primary. It is very important that children are placed in classes that are age appropriate.
